Accomplishments

Book Proposal: I thoroughly researched the publishing market to develop a book proposal that was submitted to a publisher of my choosing. The document included details for the content of the book, my research methods, and ultimate findings.

Undergraduate Research Fall 2019 - Spring 2020: Conducted qualitative research through interviews on the challenges that English Language Learners (ELL) face as undergraduate students at UW-Whitewater. The desired outcome for this research was to establish a need for resources dedicated to ELL students.
